

SIERRA MADRE NEWS

VOL. VI.

SIERRA MADRE, LOS ANGELES COUNTY, CALIFORNIA, FRIDAY, APRIL 10, 1914

NO. 28

VOTERS WILL CHOOSE FIVE NEXT MONDAY

With three trustees, a clerk and a treasurer to elect and two propositions to pass upon, the voters of Sierra Madre have an important election before them next Monday, April 13. Probably few other cities in the state can duplicate the situation, with only one name on the ballot for each office to be filled. The only nominations are:

For trustee: Jacob M. Beard, Laurel E. Steinberger and Nathan W. Tarr. For clerk: Charles Hall Perry. For treasurer: Max W. Wolff. The propositions to be voted upon are:

Shall the office of city clerk be made appointive?

Shall the office of city treasurer be made appointive?

Election is Important

The fact that no bitter contest has been aroused over this election should not serve to minimize its importance in the minds of voters. If you like the candidates go to the polls and vote for them—you don't know what the other fellow is going to do and you should not take it for granted that they will be elected. If you don't like the candidates go and vote for some one else. You can write the name of the person of your choice in the blank line provided for that purpose on the ballot. There has been much talk of an opposition ticket to be sprung at the last moment and voted for in this manner.

The Candidates

Messrs. Steinberger and Tarr are incumbents of the offices for which they have been renominated. Mr. Steinberger was first appointed to the board and was re-elected four years ago for the term he is completing. Trustee Tarr was appointed about two years ago to the board. Mr. Beard has never before held office but is well and favorably known in Sierra Madre. He is proprietor of Sturtevant's Camp and is regarded as a public spirited and capable business man.

Mr. Perry has served two terms as city clerk, having been first appointed and then re-elected. Mr. Wolff has served a full term as treasurer, having been appointed to fill a vacancy. He has put his office on a plane of efficiency never before seen in the city hall and has done much to improve the accounting methods of all the city departments.

Elective vs. Appointive

The two propositions are intended to permit the voters to determine whether the offices of clerk and treasurer shall continue to be elective as at present, or whether they shall be filled by appointment by the board of trustees. To retain the present plan vote "No." To vote for making the offices appointive vote "Yes."

Popular opinion seems divided on the subject, with the majority of the expressions heard being unfavorable to the change, particularly in the office of treasurer.

Arguments in favor of the change are those generally applying to a short ballot, on which the number of offices shall be small enough so that the voter can give careful consideration to each. Reducing the number of elective offices makes them relatively more important and centralizes the responsibility upon those officers who are elected by the people. Centralizing of power means also centralizing of responsibility. They are of course responsible for the work of their appointees and can be held accountable for the efficiency of every office in their jurisdiction. It is claimed that the city clerk, for instance, is really rather the clerk of the board of trustees and should be subject to its direction instead of being more or less independent of the board.

Against making the offices appointive it is argued that the city ballot is already short enough, even by some who favor the short ballot principle in general. They claim that the elective offices are few enough to permit careful scrutiny of the candidates for each office. Others object to the centralizing of power. Some favor making the clerk appointive and more directly subject to the board of trustees, but retaining as an elective officer the treasurer, who is the custodian of the city's money.

Thirteen-Inning Tie

Thirteen innings to a tie is the story of Sunday's game between the Sierra Madre team and the Sycamore Colts. With one score each at the beginning of the ninth the visitors got three runs across the plate in their half. The home team duplicated the stunt and thus the score stood till darkness stopped the game. It was the last game Sierra Madre will play as an independent team, having joined the league known as the Southern Association, including Arcadia, Hyde Park, Tropico, Rogers Park, Sycamore Colts, South Main Street Merchants, Echo Park, N. C. Japs, St. Marys and Sierra Madre. The playing schedule will run 22 Sundays, during which time Sierra Madre will have but three games away from home. The next game will be with the N. C. Japs.

FOR A BRIDE ELECT

Miss Mabel Vale of Long Beach was the honored guest at a delightful shower luncheon given at the Hill home on Tuesday by Miss Hazel Hill, Mrs. Joseph P. Copp of Los Angeles and Miss Evelyn Dayman of Long Beach, who were assisted in entertaining by Mrs. Howard Hill. Most of the guests were college friends of Miss Vale, who is to be married next week to Mr. William Hunter of Los Angeles. While visiting during the afternoon the guests amused themselves by making ribbon sachets for the guest of honor. Decorations were in pink and white, roses and bridal wreath being used in profusion. The gifts were presented in a novel way, a mammoth Easter egg having been arranged with a peep hole in one end and a miniature garden scene on the illuminated interior. From this a tiny gate led to the compartment where the gifts were hidden. A delicious three-course luncheon was served. The guests included Mrs. I. E. Vale and Mrs. Beal of Long Beach; Mrs. N. J. Hogan, Mrs. Roy Malcolm, Mrs. Harley Riggins, Mrs. Albert Ulrey, Mrs. Ralph Core, the Misses Alice Hogan, Helen Charles, Ruth Sidey, Edna Powell, Maude Speicher, Edna Bovard, Nina Chadwick and Gertrude Pentland, of Los Angeles; Mrs. Collier and Miss Mary Jessup of South Pasadena; Mrs. M. L. Russell of Seal Beach.

Good Vote Cast

By the overwhelming vote of 123 out of 134 votes J. H. Wright was elected to the position of school trustee at last Friday's school election. Organization did it, for the effectiveness of his "flying squadron" consisting of Guy Johnson and Roland Adams, is not to be discounted by the fact that there was no opposition. Johnson expresses the laudable determination that there shall be no more school elections with only half a dozen votes cast. The remaining votes were evenly divided between Dr. Krebs and C. C. Nourse with the exception of one ballot which Roland Adams has been accused of casting for himself.

PASSING OF MRS. BERGIEN

Many hearts were saddened by the death of Mrs. Joseph J. Bergien which occurred Sunday morning, April 5, at the Bergien home on Central Avenue. The end followed an illness of several years which resisted all treatment and efforts to throw it off. Mrs. Bergien made a brave and patient fight but was unequal to the task. She had been growing weaker for some time so that the end was not unexpected.

Mrs. Bergien was the daughter of Mr. and Mrs. Anton Buchholtz, and was a native of Wisconsin, where she grew to young womanhood. She came to Sierra Madre about seven years ago and the same year was married to Mr. Bergien, who had come from Wisconsin a little later. Since that time they have lived happily in Sierra Madre, winning many warm friends who feel keenly the untimely loss. Mrs. Bergien was beloved by her friends for her bright and sunny nature and the spirit of helpfulness which characterized her actions. She was a devout Catholic and a loyal member of the Altar Society of St. Theresa's Chapel.

Besides her husband, Mrs. Bergien is survived by her mother, Mrs. John Watry of Los Angeles, her sisters, Mrs. M. Goldstein of Sierra Madre, Mrs. Penny of Milwaukee and Mrs. Langer of Chilton, Wis., and a brother, John Buchholtz of Stockbridge, Wis.

The funeral services which were conducted at St. Theresa's Chapel on Tuesday by Rev. Father Barth, were largely attended and were marked by an abundance of floral tributes to the memory of the departed one. The Requiem mass was sung by a quartet from Los Angeles. The remains were laid to rest in the Sierra Madre cemetery.

Easter at Church of Ascension

"The Queen of Festivities" and the world's greatest anniversary will be appropriately commemorated at the Church of the Ascension. The church will put on her most beautiful garments and the music will be in keeping with the joyous spirit of this greatest of feasts. The services will be as follows:

Holy Communion, 7:30 a. m.; Easter festival of the Sunday school, 9:45 a. m.; sermon and Holy Communion, 11 a. m. As is customary, the offerings for the day will be for the work of the church both locally and in the diocese. A cordial invitation is extended to all.

To Receive Visitors

Mr. A. C. Griggs, who took over the Olsen grocery store on April 1, will hold "open house" tomorrow and extends an invitation to the public to inspect the store. He has been busily engaged this week installing the very latest type of grocery counters and display cases and rearranging the interior of the store. Every lady who visits the store is promised a souvenir of the occasion. Mr. Griggs, who comes to Sierra Madre from Anaheim, is a groceryman of long experience and is starting out to make things hum in his new location.

Mrs. E. P. Wells and Miss Wells of Minneapolis who are wintering in Pasadena, were luncheon and flower show guests of Mrs. E. W. Camp last week.

TO PROTECT WATER

Change in Mt. Wilson Trail at Quarter-Way House Is Proposed

To eliminate the trail crossings on the stream of the Little Santa Anita canyon at the Quarter Way house Dean George A. Damon of Throop College has been at work on a plan for some time and has interested the county supervisors. He has also been endeavoring to secure the support of Sierra Madre people in the plan by reason of the fact that the proposed change would afford needed protection to the purity of Sierra Madre's water supply.

Mr. Damon holds a lease on the portion of the canyon about the old Quarter-way house and has a private camp there. He has laid out a new route for the trail at that point, keeping to the west wall of the canyon well above the stream bed. The two crossings of the stream would be eliminated and the cut-off would rejoin the present trail at the first switch-back above the Quarter-way.

One result of the changing of the trail would be the closing of that portion of the canyon as a public picnic ground, which would doubtless meet with the disapproval of many people. However, the picnicking has always resulted in pollution of the stream with garbage and other matter. There are other picnic grounds but Sierra Madre has only one source of water supply. The News has repeatedly urged the necessity for protecting the stream from pollution at this point. The frequent crossing of the stream by pack and saddle animals also results in much pollution.

Mr. Damon has interested Supervisors Manning and Pridham in the project, asking that the county board bear the expense of making the change, inasmuch as the trail is a county road. They have consented to come out on Saturday afternoon and inspect the trail at this point and to take the matter under consideration. The estimated cost is about \$200.

DR. SPERRY COMING

Dr. Lyman B. Sperry, the well known lecturer on social hygiene, will speak in the Congregational Church Sunday evening and in the Woman's clubhouse Tuesday afternoon of next week. Dr. Sperry is spending two weeks under direction of the Los Angeles County Y. M. C. A. and Secretary Gummere says his work cannot be praised too highly. Mr. Gummere regards it as particularly fortunate that Dr. Sperry can be secured here, as he is in demand all over the country. He has a message of importance to young and old, children, parents and teachers alike, which he is said to present in a most pleasing manner.

Mrs. E. C. Blake arrived last week from Columbus, Ohio, to spend several weeks at the home of her parents, Mr. and Mrs. A. N. Adams. She is the wife of Prof. E. C. Blake of the University of Ohio.

PUT AWAY THAT GUN

Property Owners to Decide on Baldwin Avenue Ornamental Lighting

Resolution of intention to install an ornamental lighting system on Baldwin avenue was passed at last night's meeting of the city trustees. This will put the matter up to the interested property owners for the final decision. The Central avenue project was held up pending the outcome of the Baldwin avenue improvement. Resolutions of intention to improve Adams street north of Highland and Hermosa avenue south of Central were introduced. Cement gutters and curbs and tamped oil paving are called for.

To stop the practice of carrying concealed weapons of all kinds, including guns, blackjacks, sand bags, slung-shots or knucks, the city trustees passed a drastic ordinance last night. It provides for confiscation of weapons found on any person carrying them and for punishment of offenders, though provision is made for issuing gun licenses.

The project to change the Mr. Wilson trail at the quarter-way for the protection of the Sierra Madre water supply was indorsed and a resolution adopted asking the county supervisors to have the work done.

BURGLARS ONCE MORE

Taking advantage of the general interest in the flower show, burglars entered the Carhart, Lawless and Sokol homes last week and made an attempt at the Walker home. Nothing was secured in any of the places entered. The following night Watchman Cox picked up two strangers soon after they had alighted from a car, and who were unable to give a satisfactory account of themselves. Claiming to have come out to get work at picking oranges, they were found to possess a strange outfit of tools for such work, including an old shovel with short handle, a steel bar with a conveniently wedged end, a pocket flash lamp and some other suspicious items. They were held on suspicion for a few days and finally Judge Perry sentenced them to ten days in the county jail for vagrancy. Marshal Udell investigated their places of abode in Los Angeles and found that neither had any visible means of support. They gave the names of Walter Synek and Stephen Kosteroski.

Congregational Church

Next Sunday morning the children of the Sunday school will render an Easter exercise, after which the pastor will deliver a brief address upon the theme, "Pleasing God."

In the evening Dr. Lyman B. Sperry of Los Angeles will deliver an address under the auspices of the County Y. M. C. A., which we cordially urge as many as possible to hear. Dr. Sperry is an able speaker, qualified both by learning and by experience to interest and instruct an audience.

FESTIVAL PROVES A SUCCESS FINANCIALLY AND OTHERWISE

With more than \$1,000 on the right side of the ledger and with all records for attendance and patronage broken, the executive committee of the 1914 Flower Festival may feel that the unstinted praise which was showered upon the festival was well deserved.

Total receipts amounted to \$2,170.51 and expenses were \$1,105.91, leaving a net balance of \$1,065.50 to the credit of the festival. This amount will be turned over to the Woman's Club and will serve to materially reduce the indebtedness on the clubhouse property. The result is most gratifying not only to club members but to all who enjoyed the festival.

Attendance Increase

No exact figures can be given regarding the attendance, but it is estimated that the increase over last year was anywhere from 600 to 1,000. Out of town visitors were more numerous than ever before, the reputation and fame of past festivals having spread abroad so that many people needed only the remainder of the event to bring them to Sierra Madre. There have been many indications of the advertising value of the festival to the community. Persons traveling on the interurban cars in various parts of the country have overheard conversation regarding it, the speakers being invariably enthusiastic.

Visitors at the festival were usually curious to know how the festival was promoted and managed and were usually astonished to find that it was distinctly a local enterprise, and not supported by the railway company or any other interest than the enterprise of local citizens. That a community so small could swing an event of such magnitude was a constant source of surprise to them and brought glowing tributes to the ability of the chairman, Mrs. Lawless, and her associates.

Crowds Increase

Attendance increased daily so that the Saturday crowd taxed the capacity of the clubhouse and exhibit tent. Every entertainment event showed the inadequacy of the clubhouse auditorium. Each time many people came and went away rather than stand in the crowded lobby. It is probable that on Friday night and Saturday afternoon the seating capacity might have been doubled without having room to spare.

Addition of the temporary dining room on the east side and enlargement of the kitchen proved their value at every meal hour. The cafeteria was able to take care of the crowds much more easily and the service and excellence of the food brought warm praise.

Brahms Trio

Friday evening's concert proved to be probably the finest musical event ever heard in Sierra Madre. The Brahms Trio and Miss James were greeted by an eager audience and it was particularly unfortunate that the

opening number was delayed until eight-thirty when most of the audience had been in their seats since seven-thirty. Unnecessary disturbances of various kinds after the program started marred the enjoyment of the music somewhat but did not dampen the enthusiasm and appreciation of the audience for the work of the musicians.

Messrs. Seiling, Simonsen and Grunn have brought their work to a high state of perfection. Their opening trio was a brilliant piece of work, rendered with the utmost precision. While it made a marked impression upon the audience it did not bring as keen enjoyment as the solo numbers, being chiefly interesting to the comparatively small number of persons who have given some study to that type of composition.

Mr. Simonsen's cello number was rendered with great beauty of tone and a degree of feeling which made an irresistible appeal to the audience. He was compelled to respond to an encore and played the exquisite melody of "The Swan" by St. Saens. Miss James has a finely cultivated voice with perfect control. Foote's "Irish Folk Song" was the most popular of her numbers.

Mr. Grunn's appearance on the stage for his solo number was the signal for applause which indicated how thoroughly the audience appreciated his wonderful accompanying and his work in the trio which was the least conspicuous but entitled to first rank in importance. It would be difficult to imagine a more satisfying pianist than Mr. Grunn. He plays with wonderful precision combined with genuine feeling, having both great power and an exquisite delicacy of touch. There is no lost motion about his playing, and careful avoidance of the spectacular. His "Desert Suite" and "Concert Valse" proved him to be a composer of delightful originality. Without wishing to impose a burden on him after his arduous solo and accompaniment work, the audience could not let him go without an encore, to which he responded with another of his own compositions.

For technical brilliance on the violin Mr. Seiling has few superiors. His hearers regarded him as a Sierra Madre artist and accorded him a most cordial reception. His playing of the difficult selection from the Theby concerto was masterly and the audience refused to leave their seats without an encore though it was the last number on the program.

Children's Program

One of the most delightful features of the whole festival was the school children's operetta, "Flowerland," given on Saturday afternoon. The auditorium was packed, almost to the point of suffocation, and the appreciation of strangers was just as keen as that of those who were watching the performance of some favorite youngster. Principals and chorus did their work with real excellence, bespeaking a vast amount of careful work by their instructors, the Misses Gardner and Carson.

So popular was the operetta that it has been decided to repeat the performance on Friday evening, April 17, at eight o'clock. The proceeds will be added to the festival receipts. There will be dancing at the close of the program. Admission charge will be 35 cents for adults and 25 cents for children under twelve.

Home of Truth

Easter service at the Home of Truth, corner Auburn and Carter, at 3:30 p. m. The subject, "I am the Resurrection." Text: John 11:25 and 26, "Jesus said unto her, I am the resurrection and the life. He that believeth in me though he were dead, yet shall he live, and whosoever liveth and believeth in me shall never die." A cordial invitation is extended to everyone to attend these services. Strangers in Sierra Madre especially welcome. Services conducted by Harriet C. Hamor. Sunday school is held at two o'clock. All children welcome.

On Thursday evening the Eastern Star and the Masons gave a very delightful farewell reception to Mr. and Mrs. J. A. Mangold, who leave for the east on the 15th. After an enjoyable program a sumptuous supper was served. As farewell mementoes Mrs. Mangold received an Eastern Star pin and Mr. Mangold an Eastern Star necktie pin.

Flower show guests of Dr. and Mrs. L. L. Krebs were Mr. and Mrs. David Spangler, Mr. and Mrs. H. Frick, Dr. Weymouth and Mrs. Wilcox.

Madre are the guests of Mr. and Mrs.
W. E. Walker this week.

E. J. Webster of East Alegria Ave-
nue will leave next Monday for the
coast, going by way of New Orleans and
Chicago. He will return to Spokane
about the middle of May and spend the
summer at his cottage in the lakes of
northern Idaho. He will return by way
of Portland and the steamer in Sep-
tember to spend the winter in his Si-
erra Madre home.

DATES ARE CHANGED

Preparations for the Feed & Fun
Club minstrels are going merrily for-
ward and present indications point to
an entertainment which will far sur-
pass the last performance, which made
such a tremendous hit. Director Pat-
terson is getting his chorus into shape
and the ends are preparing some stage
business and patter which is sure to
arouse mirth of an explosive nature.
The novelty of seeing a bunch of well
known citizens in black face and try-
ing to identify the various members of
the chorus seems always to be inter-
esting and amusing in itself. The pro-
gram will be in two parts, the first oc-
cupied by the chorus, with solos and
stunts by the ends and interlocutor,
and the second comprising a fine list
of vaudeville attractions, with a grand
finale by the chorus. To avoid conflicts
with other events it has been found
necessary to make the dates one week
later than was first announced, and the
entertainment will be given on Thurs-
day and Friday evenings, April 30
and May 1.

JUDGE CRAIG A CANDIDATE

Judge Gavin W. Craig, who polled the highest vote of any candidate for the superior court in Sierra Madre four years ago, has announced his candidacy for the office of presiding judge of the district court of appeals. The

Huntington Beach News says of his candidacy:

The News is pleased to note that Judge Gavin W. Craig, who is now serving his fourth year as Superior Court Judge of Los Angeles county, has decided to be a candidate for the office of Presiding Judge of the District Court of Appeals in this district. Judge Craig has been one of the able instructors in the University of Southern California College of Law for many years; and is a man endowed with high legal attainment, fine judicial temperament and rugged integrity, which eminently qualify him for the higher position to which he aspires.

Two Elevators in One Shaft.

In big skyscrapers the space taken up by elevators is a large proportion of the space of the building, and every idea that can cut down the space needed to handle the crowd is valuable. One big building runs two elevators in one shaft. The first one is worked by the cable overhead, as usual. This car runs to the twentieth story without stop and is local from there. While it is running local the second elevator, operated by plunger from below, operates local for the first twenty stories. Thus the space is made double use of and half the necessary elevator space saved. Safety devices prevent the elevators operating in the same "block."

To Release a Seized Piston.

In an obstinate case of piston seizure it is well to engage the starting handle, place the jack under it and turn the jack until the frame of the car has been raised half an inch. One should then pour gasoline and oil (or kerosene) on top of the pistons and fill the water jacket with hot water, with the pleasant consciousness that a force equal to several hundredweight is constantly pushing at the starting handle, ready to take advantage of the least relaxation in the seizure.

Sea Roses.

The sea rose is a leathery looking creature which attaches itself to a stone at the bottom of the sea in its infancy and ultimately attains a size about three inches in length and an inch and a half in breadth. When quiet and feeding under water its top opens and blossoms into the semblance of a large pink rose, with petals fully an inch long, a really handsome object. As soon as it is disturbed, however, it shuts itself resolutely into its leathery pod.

USE OF PEAT IN CANADA.

Experiments Indicate Its Value as a Coal Substitute.

The experimental work conducted by the Canadian government in regard to the manufacture of peat proved so successful that there are now two private concerns producing peat, one at Alfred, Ont., and the other at Farnham, Quebec. It is said that the peat manufactured by the Canadian government and used by private persons is satisfactory for grates and also good for cooking.

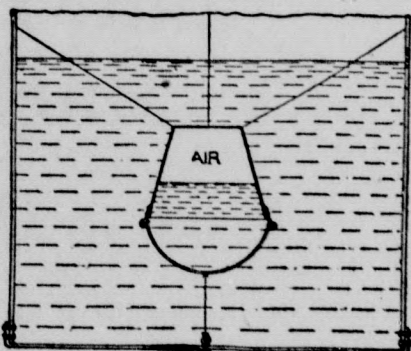

The government commission which was sent to various European peat using countries reported that the most successful way to treat the peat was to let the sun and wind evaporate the moisture. After the government had shown the practicability of producing a good quality of peat at a salable price it was left to private enterprise to continue the work. The peat is sold in Ottawa at \$5 a ton or \$3 a ton on the cars at Alfred.

The Canadian government in connection with the peat industry will experiment in the production of gas and electrical energy from peat. At the fuel testing plant in Toronto the government has a sixty horsepower gas producer engine that is operated from the peat. Should the present experiments be successful sections of the central peat producing districts of Canada where water power is not available will be able to obtain power from a series of these gas producer engines.—Consular Report.

PROTECTION FROM FROST.

Simple Device to Prevent the Bursting of Water Tanks.

A great many water tanks are ruined each year by the expansion of the water when freezing in severe weather. A simple device to prevent this is to procure a good sized copper bucket and

WATER TANK PROTECTOR.

suspend it in the water in an inverted position, allowing air to remain in the bucket.

When the water freezes the extra pressure that would otherwise be exerted on the walls of the tank instead acts on the air in the bucket, which is compressed, and thus the tank is relieved. An iron or tin bucket would soon rust out in the water, and for this reason it is best to use a copper bucket.

THINKING OF A TRIP?

If so, do you wish to reach your destination in a hurry, or do you want to make a leisurely trip and see more of the country?

Either way the Southern Pacific is prepared to give you the service.

The Southern Pacific runs fast trains with modern equipment to New Orleans, Chicago, Kansas City, Omaha and St. Louis, connecting at those points with fast trains to the north and east, making Chicago in three days, New York in four days.

For those desiring scenic trips we suggest our service across the Sierra Nevada and the Rockies. Or north through the Siskiyous, taking in the scenery of the great northwest.

We will make itineraries which include one or more of the famous resorts, such as: Yosemite, Yellowstone, Glacier National Park, Shasta Resorts, Lake Tahoe, Canadian Rockies resorts, and many others.

ORDINANCE NO. 181

An Ordinance of the Board of Trustees
 of the City of Sierra Madre Forbid-
 ding the Wearing or Carrying of
 Concealed Weapons Within Said
 City of Sierra Madre.

The Board of Trustees of the City
 of Sierra Madre do ordain as follows:

SECTION 1. It shall be unlawful for
 any person, firm or corporation to
 make, sell or expose for sale, or to
 cause, or permit to be made, sold or
 exposed for sale, or to have possession
 of or keep any blackjack, sand bag,
 billy, slung-shot or other similar weap-
 on or device made of leather,
 metal, wood or rubber, or any
 cross knuckles made of any kind
 of metal, or any other dangerous
 or deadly weapon or device, pro-
 vided, however, that the provisions
 of this section shall not apply to any
 police officer, sheriff, constable, deputy
 constable, marshal or deputy marshal.

SECTION 2. It shall be the duty of
 the City Marshal or any of his de-
 puties to seize every weapon or de-
 vice mentioned in Section 1 of this
 Ordinance found in the City of Sierra
 Madre, except such as are in the pos-
 session of persons authorized by said
 Section 1 to have possession thereof.

Said City Marshal shall hold such
 weapon or device to be used as evi-
 dence against any person, firm or cor-
 poration against whom any proceeding
 is pending in any court, if the same is
 needed as evidence in such proceeding.
 If the same is not needed as evidence
 in any such proceeding, or if the same
 is needed, then after final judgment
 shall have been rendered in such pro-
 ceeding, the City Marshal shall fix a time
 when and a place where such weapon
 or device will be destroyed. A writ-
 ten or printed notice of such time and
 place signed by said City Marshal,
 shall be posted for ten days prior to
 such date in at least three public
 places in said City of Sierra Madre.
 Such notice shall set forth the fact
 that such weapon or device has been
 seized and is in the custody of said
 City Marshal, and shall describe such
 weapon or device, and shall state the
 time when and the place where the
 same was seized and the name of the
 person, firm or corporation in whose
 possession or under whose control the
 same was found, if the same was found
 in the possession of any person, firm or corporation.

If such weapon or device was found
 in the possession of any person, firm or corporation, a copy of such notice shall be delivered
 to such person, firm or corporation at
 least ten days prior to the date fixed
 for the destruction of such weapon or
 device, if such person, firm or cor-
 poration can be found in the City of Sierra
 Madre, and if such person, firm or
 corporation cannot be found in said
 City of Sierra Madre, a copy of such
 notice shall be mailed, postage pre-
 paid and registered to such person,
 firm or corporation at his or its last
 known address at least ten days prior
 to said date. At the time and place
 fixed by such notice said City Marshal
 shall destroy such weapon or device.
 Any number of such weapons or de-
 vices may be described in the same
 notice and may be destroyed at the same
 time and place and pursuant to the
 same notice, without regard to the
 time when or the place where the
 same were seized or in whose posses-
 sion the same were found.

SECTION 3. It shall be unlawful
 for any person, except a peace officer
 to wear or in any manner to carry
 concealed upon his person any dirk,
 bowie knife, swordcane, loaded or un-
 loaded gun, loaded or unloaded pistol
 or revolver, or any other dangerous
 weapon, without having at the same
 time actually in his possession and
 upon his person, an unexpired permit
 so to do, issued by the Board of Trust-
 ees of said City of Sierra Madre,
 authorizing him to carry such weapon
 concealed.

SECTION 4. The Board of Trustees
 shall have the power to issue to any
 person who, in the judgment of said
 Board, shall have such privilege, a
 permit to carry concealed any of the
 weapons specified in Section 3 of this
 Ordinance. Such permits shall be
 numbered consecutively in the order in
 which they are issued. No permit
 shall be granted for a period longer
 than twelve months. Each such per-
 mit shall state the name, address and
 occupation of the person to whom the
 same is issued and the date of its
 expiration, and shall specify the kind
 and description of the weapon author-
 ized to be carried concealed by such
 person.

SECTION 5. The City Marshal shall
 keep a record of all permits author-
 ized by said Board of Trustees. No
 such permit shall be issued to any per-
 son until such person shall have paid
 to said City Marshal a registration fee
 of \$3.00. On the first Monday of each
 month said City Marshal shall pay to
 the City Treasurer all such registra-
 tion fees received during the preceding
 month.

SECTION 6. Any person, firm or
 corporation violating any of the pro-
 visions of this ordinance shall be
 deemed guilty of a misdemeanor, and
 upon conviction thereof shall be pun-
 ishable by a fine of not less than \$5.00
 nor more than \$300.00, or by imprison-

ment in the County Jail of Los Angeles
 County for a period of not more than
 90 days, or by both such fine and im-
 prisonment.

SECTION 7. The City Clerk shall
 certify to the adoption of this ordi-
 nance, and shall cause the same to be
 published once in the "Sierra Madre
 News," a weekly newspaper published
 and circulated in said City of Sierra
 Madre and from and after 30 days from
 the publication thereof the same shall
 take effect and be in force.

The foregoing ordinance was adopted
 at a regular meeting of the Board of
 Trustees held on the 9th day of April,
 1914, by the affirmative vote of at least
 three trustees, to-wit:

Ayes: Trustees Gray, Pegler, Stein-
 berger and Jones.

Noes: None.
 Absent: Trustee Tarr.

Signed and adopted this 9th day of
 April, 1914.

C. W. JONES,
 President of the Board of Trustees.
 Attest: C. H. PERRY,
 City Clerk.

 STEAMS BOILS

BAKE, roast, steam, stew, fry or boil your food in an "Ideal" Fireless
 Cook Stove.

It will be more flavorful, more nutritious and generally much more
 healthful.

Your fuel, grocery and meat bills will be greatly reduced. Cheap
 cuts of meat cooked in the "Ideal" become as tasty and tender as ex-
 pensive cuts. There will be no waste or evaporation of food, so you will
 buy less food—pay less for it. Your fire stove will be needed but a
 fraction of the time you now use it—hence fuel bills will dwindle 80%.

You now spend hours in the kitchen. With an "Ideal" Fireless
 Cook Stove only a few minutes each day will be needed.

If you thought the foregoing was literally true, you'd buy an "Ideal."
 wouldn't you? It IS true. Come in and let us show you WHY it is true.

Every day you spend without an "Ideal" you are robbing yourself
 of money, time, energy, strength and youth. Investigate the "Ideal"
 now.

Separate lids for each compartment—water sealed top—solid aluminum

AFTERNOON TEAS!

on the lawn or the veranda are all
 right in the Summer time, but
 don't lay yourself open to the
 "afternoon tease" who chaffs you
 about the poor quality of your
 "outdoor furniture." Get the best
 while you are about it—the differ-
 ence in cost is little. We have a
 full line of neat and artistic wil-
 low and rattan furniture for out-
 door use. You'll like it on sight.
